PRESIDENT WILSON STILL TRYING TO AVERT NATION WIDE STEEL STRIKE

NEARLY FIVE HUNDRED ARE BELIEVED DEAD

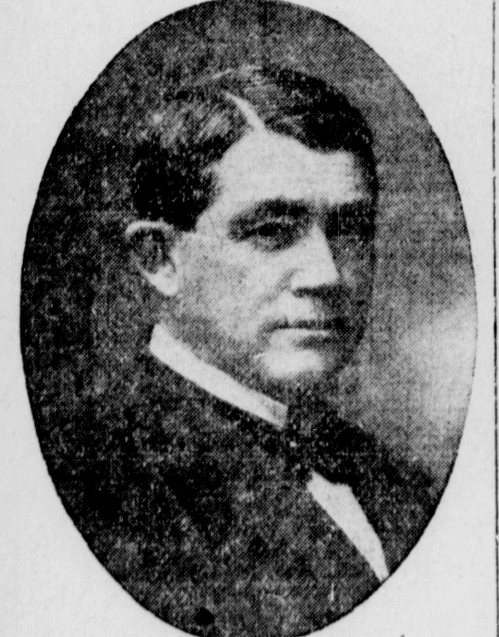

Key West, Fla., Sept. 20.—A wrecking crew today is at the scene of the reported wreck of the Spanish ship Valbanera investigating the report brought to Key West late yesterday that she had sunk with 450 souls aboard. The naval station here is using every facility possible to ascertain whether the crew of 150 and the 200 passengers have been lost or escaped death.

Report of the disaster was brought here by Ensign L. J. Roberts, chief officer of the U. S. sub-chaser 203, who declared he discovered a vessel sunk in 40 feet of water about 35 miles off the Key and on further investigation found she was the Valbanera. The vessel was deeply imbedded in quick sand and no signs of bodies of the victims could be seen. A coast guard vessel arrived shortly afterward and reported finding the vessel.

The Valbanera has not been heard of since the tropical hurricane which swept this section last Sunday and it is believed she was caught in the gale and sent to the bottom. She was bound from Spain to New Orleans and was due to touch at Havana where most of her passengers were to have disembarked, but was unable to enter the harbor on account of the high seas. She was 3,291 tons displacement.

EX-GOVERNOR OF INDIANA WILL SPEAK IN XENIA

Hon. J. Frank Hanly of Indianapolis, former Governor of the state of Indiana, will speak to a great mass meeting of men and women at the First Presbyterian church, Wednesday evening, October 1, at 8:30 p. m.

HON. J. FRANK HANLY

Under the auspices of the Flying Squadron Foundation, Governor Hanly is president of the Foundation and Editor-in-chief of the National Enquirer.

A lawyer of ability and an advocate of remarkable force and power, he has given up his profession to devote his life to this work.

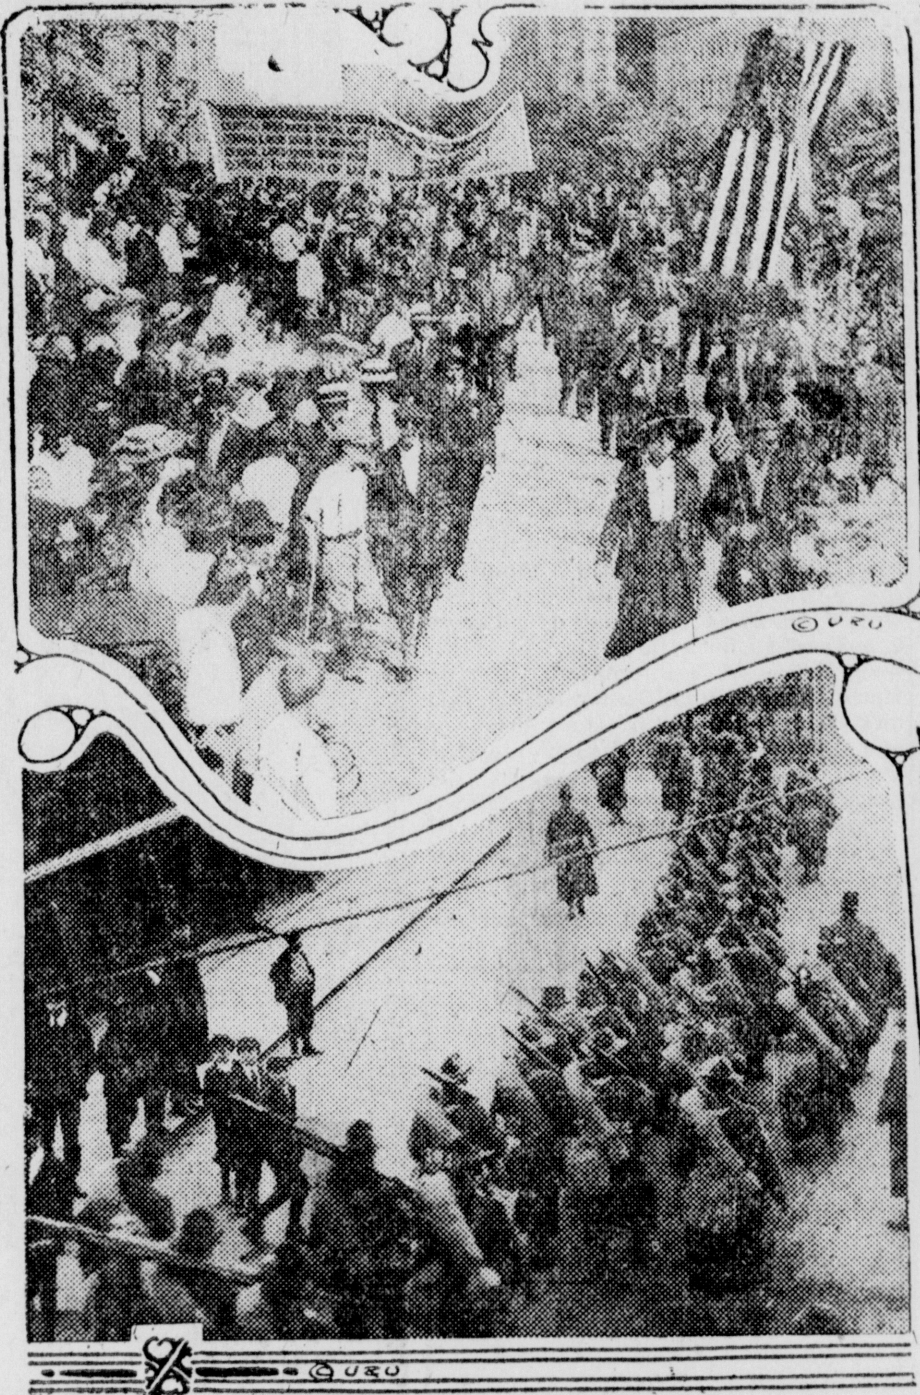

Rev. Homer G. Biddlecum, chairman of the Greene County Dry Federation has charge of the preliminary arrangements for Governor Hanly's coming.

Mr. Hanly has just recently returned from France, where he has been speaking at a series of patriotic meetings held with the American Expeditionary Forces, going under the auspices of the Flying Squadron Foundation and the United Committee on War Temperance activities in the Army and Navy. He addressed many thousands of the men and brings back a stirring vital message. The subject of his address will be "America—The Torch Bearer." Everybody cordially invited. Admission Free.

WHAT THEY SAY ABOUT EX-GOV. HANLY.
"A masterpiece of splendid eloquence."—Idaho Daily Statesman.
"He had his hearers alternating between tears and tumultuous applause, and when he had finished they arose and cheered him to the echo."—Gazette, Worcester, Mass.

"Most and best of all, there is in him that indescribable something that convinces his hearers of his intellectual, ethical and religious sincerity—a man so loyal to his convictions that he would die if necessary to have them succeed."—Zion's Herald, Boston, Mass.

PRESIDENT WILSON AND PARTY REACH LOS ANGELES ON SATURDAY

BY JOHN EDWIN NEVIN.
Los Angeles, Cal., Sept. 20.—President Wilson and his party reached Los Angeles this morning with the president still amazed and delighted with his experience in San Diego last night.

The president has taken part in what was, up to the present, the most unique affair in his public life. He had been able to hold the attention of the majority of an audience numbering 40,000 people for more than an hour and to carry to them the message that he brought with him, in such a manner that every individual in the great stadium not only heard, but comprehended.

The president was to have a reasonable rest period in the metropolis of southern California. Although the original schedule called only for a stay here from 11 to 7 Sunday, it was extended through the early morning hours of Saturday, because the original plan to have the party remain over night at a beach hotel at San Diego was found to be impracticable. In consequence, as soon as the president finished his dinner address last evening he returned to his special train and it was sent northward to the "environs" of Los Angeles and parked for the night. This gave the opportunity for perfect repose that the president has been so desirous of.

TWO DEAD AND THREE HURT IN AUTO ACCIDENT

Goshen, Ind., Sept. 20.—Two women are dead today and three persons are suffering injuries sustained when an automobile carrying a party of eight from Akron, Ohio, encountered a rainstorm near here and skidded and turned over on the wet pavement.

The dead are: Mrs. George Gebel, 48, and Mrs. John Rege, 23. John Rege who was driving Stephen Gebel and Katie Gebel, two year old daughter of George Gebel were injured. George Gebel's two sons were unhurt.

The party was enroute to Milwaukee. The men are employed at Akron rubber factories.

MR. AND MRS. JOHN ARY ENTERTAIN

Mr. and Mrs. John W. Ary delightfully entertained at their home on West Main street Wednesday evening in honor of their cousin, Mr. and Mrs. George Boumaster from Ottumwa, Iowa. The house was decorated in pink and white, refreshments being carried out in the color scheme also.

Those enjoying the evening with Mr. and Mrs. Ary were: Mr. and Mrs. George Boumaster, Mrs. Malissa Ary, Mr. and Mrs. D. Elden Bailey, Mr. and Mrs. Alfred Haines, Mr. and Mrs. E. E. Vannorsdall, Mr. and Mrs. John Jones, Mr. and Mrs. Elbert Balas, Misses Helen and Mary Esther Haines, Mary Kathryn Jones, Lucille Bailey, Hazel and Martha Ary, Mr. Ellsworth Vannorsdall, E. R. Zerkle, Kenneth

TITLE TO 2,700 ACRES OF LAND INVOLVED IN SUIT

The title to 2,700 acres of land, and the interest of a 15 year old girl in the estate is involved in a suit which was tried in the Champaign county common pleas court at Urbana before Judge C. H. Kyle this week.

A number of years ago the child involved, then only 5 years of age, was made sole heir to the 2,700 acre estate, by the will of her grandfather. Her parents brought suit to have the will set aside, and were successful, the child's guardian failing to contest the case. The father, after obtaining possession of the estate, disposed of the land. Recently one of the new owners brought suit to have his title to the land cleared, and the question of the rights of the child again came up. Judge Kyle's decision is awaited with interest.

HYSTERICAL MOTHER JUMPS FROM WINDOW

Toledo, O., Sept. 20.—Hysterical from separation from her baby, Mrs. Anna Geloska, leaped from the second story window of the Lagrange police station. She suffered a fractured leg. She had been confined because of a previous attempt to suicide because of desertion by her husband.

WONDER WHAT THE CINCINNATI AUTO THINKS OF THIS

Columbus, Sept. 20.—Acting Police Chief Dyer, in the absence of Chief Carter, on a vacation started out at a merry clip. Sixty automobile owners who parked their cars in the business district found little yellow tags tied to their steering wheels, notifying them to appear before the municipal court at 3:30 o'clock today, because the tail lights on their cars were not lighted last night.

FORD WRECKED IN COLLISION WITH JUDGE SHOUP CAR

Arthur Baker, proprietor of the Arcade Restaurant at Springfield, and of Arcadia Farm, was slightly injured, and his Ford automobile nearly demolished when Judge Shoup's big touring car, driven by his son, George, collided with the Baker car on the Springfield pike, near the entrance to Bryan Park Friday night.

Mr. Baker's hand was severely cut and he was bruised. After Dr. R. R. Richison had dressed his injured hand he was taken home by William Baker near whose home the accident occurred.

The Shoup lad was attempting to turn his automobile in the road, and probably misjudged the speed of the Baker car, which was approaching Yellow Springs on the right hand side of the road, and the big machine ran directly into the smaller car. The Shoup car was slightly damaged, but the youthful driver and his young companion were unhurt.

COMB STRAITS TO FIND SURVIVORS

Havana, Sept. 20.—Cuban gunboats are combing the Florida straits today for survivors from the Spanish Valbanera which is believed to have been sunk between the Cuban and Florida coasts in the hurricane swept the gulf of Mexico. The Valbanera which has been missing for ten days, carried about 400 passengers and 150 seamen.

Faint wireless calls for help were picked up at the Havana wireless station, but they were so weak that they could not be traced to their source. It is possible however that they may have come from the Valbanera or some other disabled vessel which had rescued some or all of the passengers and crew of the missing Spanish ship.

SUSPECTED BURGLAR SHOT BY OFFICER

Cleveland, O., Sept. 20.—John Keller, 30, suspected burglar was shot and seriously injured this morning when he attempted to escape from Patrolman Joseph Lucas. The officer had arrested Keller when he met him coming from a vacant house. While waiting the police emergency Keller is alleged to have struck the officer and ran. Lucas gave chase for several blocks and then shot the fugitive. He was taken to Lakeside hospital.

JAMESTOWN TEAM BEATS XENIA PLAYERS

Jamestown took eight of the 12 games played from the Xenia Quoit club on the local grounds Thursday evening.

The Jamestown team pulled up 224 points to Xenia's 200. The Xenia club was represented by C. C. Henrie, Judge Carl Marshall, M. A. Smith, O. C. Custer, W. L. Dean, M. C. Bayley James Devoe and H. L. Sayre.

The famous Delco Quoit team of Dayton will meet the local team here next Friday evening. The Delco company quoit tossers have just completed a big tournament in Dayton in which there were 427 entries and the team now representing the factory is said to be one of the strongest quoit combination in this section.

CONFESSES TO ROBBING BANK

Chicago, Sept. 20.—Herbert Brown, 21, paying teller in Foreman Brothers Bank confessed today, the police say, to embezzling \$5,000 of the bank's funds, all of which he lost in betting on the Chicago Cubs "when they were in a batting slump," and lost several games in a row.

Brown is alleged to have told the police he lost his first \$300 and then doubled up his bets until his total losses reached \$5,000—the amount he is charged with embezzling.

STEEL MAGNATES AND MEN DEAD LOCKED ON EVE OF BIG STRIKE

Washington, Sept. 20.—Samuel Gompers, president of the American Federation of Labor, has informed strike leaders, it was learned today, that President Wilson, acting through emissaries, was still exerting every effort to prevent the steel strike, by arranging a conference between E. H. Gary, head of the United States Steel corporation and representatives of the workers. There has been a constant exchange of messages between the president and Gompers since Thursday night.

Barnard M. Baruch, who is reported to have been sent by the president to request Judge Gary to meet the workers, acted as Mr. Wilson's emissary to the employers in the trouble between the copper companies and miners at Bisbee, Ariz., and Butte, Mont., two years ago, it was recalled today.

Although John H. Fitzpatrick, chairman of the steel workers national committee has stated that the strikers would have the full support of the American Federation of Labor, Mr. Gompers said today he was not yet ready to discuss the situation. The strike leaders, however, were expecting a statement from him today or Monday pledging the full financial and moral strength of the federation to the strike.

Pittsburgh, Pa., Sept. 20.—With the nation wide strike of organized steel workers and members of allied trades connected with the steel industry set for midnight Sunday night the employers and American Federation of Labor leaders today were making their final preparations for the great industrial struggle.

Some of the subsidiaries of the United States Steel corporation have adopted the policy of giving their employees the opportunity to hold meetings to consider their attitude toward a strike. The first meeting was held this morning when the plants of the Allegheny Steel Company and the West Pennsylvania Steel company suspended operations so that the 6,000 workmen could talk it over.

With the closing order President Harry E. Sheldon, of the Allegheny Steel Company, issued a statement declaring that the company is opposed to the closed shop principles of the American Federation of Labor and that "sympathetic strikes are the cause of undue hardship to the satisfied employees and their families."

The company gave assurance of support to loyal employees and their families provided the "company was able to secure sufficient business to enable it to operate the plant."

Officials of the two plants claim that only about 15 per cent of the employees are affiliated with the union.

Loyal employees of the National Tube works in McKeesport went to work today wearing large buttons bearing the words: "Loyal, I will not strike. The buttons are white with the words "strike" and "loyal" printed in extra large letters.

Officials of the United States Steel

orporation were certain today that practically all of its works will operate as usual Monday and thereafter. It is maintained by leaders of the important interests that no more than 6 percent of their employees will respond to the strike call.

Secretary W. Z. Foster in charge of strike headquarters here, said this morning that exactly 2,010,000 men will be affected by the strike order. He classifies them as follows:

Blacksmiths, 40,000; boilermakers, 200,000; brick and clay workers, 60,000; bricklayers, 25,000; bridge and structural iron workers, 10,000; coopers, 150,000; electrical workers, 25,000; hod carriers, 50,000; machinists, 50,000; metal polishers, 400,000; mine, mill and smelter workers, 70,000; mine workers, 30,000; molders, 10,000; pattern makers, 50,000; plumbers and steam fitters, 200,000; quarry workers, 60,000; railway car men, 60,000; seamen, 50,000; sheet and metal workers, 50,000; stationary firemen and oilers, 50,000; steam and operating engineers, 50,000; steam shovel and dredge men, 10,000; switchmen, 20,000.

The general strike will be directed by the following men: Inner Pittsburgh district, comprising the immediate Pittsburgh works, J. L. Beaghen; outer Pittsburgh district, comprising mills in the outlying districts of Pittsburgh, J. McCraig; Cleveland, H. W. Raiser; Buffalo, H. C. Thompson; Chicago, E. J. Evans; Pueblo, Colo., W. H. Young; Youngstown, J. E. McCadden; Bethlehem, David Williams.

All employees of the mines owned by the steel companies affected also will be called out on strike, Secretary Foster said.

of the German constitution which provided for Austrian representation in the German reichstag, says a news agency dispatch from Berlin today. The German reply complains in an ironical tone of the character of the allied note and repudiates the charge that Germany intended any breach of the peace treaty.

GARRY HERMAN ON VERGE OF RESIGNING

New York, Sept. 20.—With Garry Herrman reported on the verge of resigning from the national commission, the appointment of a successor to the chairmanship of baseball's ruling body held the spotlight in local baseball circles today.

National league club owners, reiterating their stand of last winter favoring the appointment of a new chairman, are ready to accept Herrman's resignation but declines to discuss the identity of a possible successor.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs no

most nothing. Get a one ounce bottle of Mentholized Arecine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

It will do you good to know that others TAKE PEPSINCO

CHAPTER LXXII.

Walter Kemp called again. I was really glad to see him, and took no pains to hide my pleasure. He brought me a great glowing bunch of purple hyacinths. Right away I thought he was different from most men, and told him so.

"Why am I different?" he asked, with an ingratiating smile.

"It would have been either roses or violets with most of them. Men seem to think they are the only flowers a woman cares for."

"And it isn't?"

"No indeed! Why I would much rather have the hyacinths. There is something so individual about them. Someway it seems that you took thought as well as money to buy them."

"That's a very pretty compliment, and quaintly said," he returned, de-

lighting me. I was glad to find someone who thought me at least intelligent.

I called for tea, and we chatted and laughed together for an hour or more.

"I have not spent so delightful an afternoon in a long while if ever," Mr. Kemp said, as he rose to go. "Now that I know you were not injured, I cannot feel at all sorry for our accident."

"You forget poor Thomas: our Someway it was easy for me to talk to him. I knew I had acquitted myself well."

"Thomas doesn't count in my scheme of things—you do," he replied with a little laugh, but also with a meaning glance that thrilled me and made me blush. I was always cross with myself when I blushed. It was another sign of youth. Irma Barton and women of her type didn't blush if a man said something nice to them, or paid them a compliment.

While he stood talking to me, Hettie announced Mrs. Gray. I couldn't help but wish he had gone before she came; then at the same time was glad she would find me entertaining so charming a man.

They were acquainted, and chatted a moment together before he took his leave. Then she shook her finger playfully at me and said:

"Naughty—naughty! Kemp has a reputation, you know."

"No, I don't know! I find him charming."

"Of course! that goes with the reputation. You never knew an uninteresting man to be talked about did you, unless he were a murderer or a burglar or something?"

"What do they say about Mr. Kemp?"

"It isn't so much what they say, as what they imply. He has had a good many affairs. They do say"—lowering her voice—"that one woman took poison because of him."

"How thrilling!" I returned forgetful that I knew her for a gossip, and that Everett had warned me against talking to her save on the most ordinary topics.

"Did he bring those wonderful flowers?"

"Yes—aren't they lovely?"

"Lovely—and distinctive."

"That's just what I told him."

"I've been told that is one of his weapons of conquest. Doing the unusual thing or the usual thing in an unusual way."

"What do you mean by weapons of conquest?" I was honestly puzzled.

"Oh, you baby! don't you know he prides himself on making a woman fall in love with him if she is attractive. I expect he has designs on you. Where did you meet him? He isn't in Mr. Graham's set at all—too young and too—fast."

I told her of the accident, and that Mr. Kemp had called to inquire after me. I didn't tell her it was his second visit. She might have thought one sufficient.

"Quite romantic, isn't it? Does your husband know he is calling?"

"I shall tell him when he comes in."

"Do! If you do not, someone else surely will and make something out of it too. People aren't very considerate, my dear."

After she left, I recalled her gossiping proclivities and wondered if she would spread the fact that I had entertained Mr. Kemp. Anyway, I would tell Everett as soon as he came in. I would get my story in first: as Rose Grandon used to say she did when she was afraid her mother was going to scold her for something she had done.

To Be Continued.

Stamp Perforation.

The perforation of stamps was first commenced in England in 1853, for receipt and draft stamps, and for postage stamps in 1854. Prior to that period stamps were separated by means of scissors or a knife or similar means and in some cases those who required many resorted to the use of a roulette, a kind of cogwheel furnished with small cutters, making a series of cuts between the stamps.

G. H. S. CLUB HAS HAPPY REUNION

A merry gathering Friday evening at the pretty summer bungalow of Mr. and Mrs. Charles Galloway of Chicago, along the Little Miami River on their farm north of the city, was that of members of the old G. H. S. Club, which several years ago was a popular high school society. Several of the members of the club are married, and the crowd which was entertained at the Galloway bungalow was also augmented by several other people as well as the wives of the married members.

A big open fireplace in the bungalow contributed to the enjoyment of the guests, and over its coals veal chops were roasted, to form part of the delicious little supper which was served. Those enjoying the evening were: Mr. and Mrs. William Frayer, Mr. and Mrs. Lewis Gregg, Mr. and Mrs. Fred Schultz, Raymond Shumaker, Miss Helen Dodds, John Baldwin, Miss Katherine Landaker, Miss Louise Shaffer and Lawrence McKee.

DELIGHTFUL AND PROFITABLE MEETING

A very delightful and profitable meeting of the Women's Missionary Society of the Presbyterian church was held Thursday afternoon at the home of Mrs. James Wead on South Detroit street, the hostesses being Mrs. Wead, Mrs. O. M. Whittington, Mrs. Corry and Mrs. B. A. Staff.

Mrs. J. O. C. McCracken and Mrs. John W. Prugh read interesting papers.

The hostesses served a refreshment course. A large number of members of the Society attended the meeting.

EMPLOYERS AND EMPLOYEES ENJOY BIG CELEBRATION

Dayton, Sept. 20.—Labor and management joined in what is probably the greatest industrial outing ever held at the National Cash Register field day and picnic day.

Twenty-five thousand National Cash Register executives, employees and families were present. John R. Patterson, president of the company, despite his 74 years, rejected the suggestion that he ride in an automobile with the committee of employees. He headed the parade on the two mile march to Hills and Dales Park south of this city.

Seventeen buildings and tents were erected for the affair, which takes place all day and evening. Contests, and races, airplane stunts by Howard Rinehart, side shows, pole match, and other attractions featured the program. Fifty thousand meals were served which required 8,000 pounds of beef, 2,000 loaves of bread, 45,000 sandwiches, 10,000 gallons of lemonade, 1,400 gallons of ice cream, 1,200 pounds of butter. The commissary included three thousand gallon vats, 14 steam kettles of 2,500 gallon capacity, one hundred and ten cooks, six hundred and fifty waiters. Dinner was served on the cafeteria plan with eighty serving stands.

The entire affair was in the hands of the employees and the management paid the bills. The unusual feature is that no outside aid was asked in preparing for the event, all the construction work, commissary, purchasing and planning being done by the National Cash Register employees.

The outing was arranged as a greeting to Mr. Patterson who just returned from six weeks spent in Europe.

Emma Jane Bales, daughter of Barrill and Mary Smith, was born near Paintersville, O., Dec. 14, 1856 and departed this life, Sept. 12, 1919, aged 62 years, 8 months and 28 days. She was one of a family of four children two of which have preceded her in death: Sarah Margaret Smith who died in infancy and William Albert Smith who died Feb. 19, 1908. Besides a host of friends, one brother, John B. Smith and eight nephews are left to mourn her death. She was married to Charles M. Johnson, May 24, 1877. This union was of brief duration. Her husband died Sept. 7, 1883. She then lived with her father and took care of him during his declining years. A short time after her father's death she moved to Jamestown, O., and lived at that place until she was united in marriage to John S. Bales, April 29, 1908, who preceded her in death just 3 months and 10 days. She united with the M. E. church at Mt. Tabor early in her life and led a faithful, untroubled christian life. She was of a very pleasant, loving and kind disposition and was a source of joy to all who knew her. About three years ago her health began to fail and had gradually grown weaker until death called her away to that better land, where there is no more sleepless nights of suffering; of days that so slowly pass, no anxious thoughts of loved ones disturb her days or nights; the world and all its sorrows are hidden away from her sight.

COURT NEWS

Alleging that the defendant railroad company failed to deliver a car of baled hay to the order of the plaintiff at Ashland, Ky., and also refused to pay plaintiff its value, Roy Cline has brought suit against the D. T. and I. Railroad company in common pleas court, to recover \$345.81. The hay was consigned to the Ashland Milling Company, M. J. Hartley, attorney.

On a charge of non-support, Dewey Ferriman was arrested by Sheriff Funderburg, Friday afternoon and held for the sheriff of Clark county, where the affidavit was filed by Ferriman's wife. He was taken to Springfield Friday evening by the deputy sheriff of Clark county.

CONVENTION WORK RUSHED.

Cleveland, O., Sept. 20.—With tentative plans calling for adjournment next Tuesday the work of the United Mine Workers convention today was speeded up.

NASAL CATARRH

Though Very Common It is a Serious Disease—Worse at This Season.

It is an inflammation of the mucous membrane, causing a discharge and is aggravated by colds and sudden changes of weather, but depends on an impure condition of the blood. When chronic it may develop into consumption by breaking down the delicate lung tissues and impairing the general health.

Begin treatment with Hood's Sarsaparilla at once. This medicine purifies the blood, removes the cause of the disease, and gives permanent relief. It has been entirely satisfactory to three generations.

If a cathartic is needed take Hood's Pills—they are gentle and thorough, enliven the liver, regulate the bowels.

THE WOMAN IN BUSINESS— WELL, WHY NOT?

"Why should the Spirit of Mortal
be Proud?" was Lincoln's favorite
poem. The theme claim is that we,
in the main, are just as our fathers
were. This likely is so in many re-
spects, but in many others is not so.
And especially in this New World of
cur's, it is not so—for our's is a pro-
gressive nation—not seeking to take
pattern from others, but carving out
for ourselves progressive ways which
we deem for our greater happiness.

And just now we are realizing
many changes in our social rela-
tions, brought on by conditions grow-
ing out of the war. Perhaps none is
more noticeable than the relation of
women in business. How marvelous
the change, scarcely believable, but
we see it with our eyes on every side
and rejoice that Time, and such a
short time, should prove so kind to
these our sisters. We are not now
speaking of the ballot, a glorious
realization of long deferred justice,
but of the place that woman has taken
in all the marts of business. Mil-
lions of women are today filling
places in banks, offices, stores,
shops, and in all the trades. Every-
where you go they are in evidence
and on the pay rolls, to their honor
and financial advantage. How won-
derful beyond belief, as compared to
conditions ten years ago.

Many are the brave women who for
a hundred years had battled with their
brother man in contention for the day
in which they might see what we see
in this day of "equal rights" for
their sex. How they were flouted as
if asking for a gift of the gods. How
they were ridiculed as if doing some-
thing they should be ashamed of. But
today their memory is canonized, and
though the body may lay smouldering
in the grave their spirits go marching
on in honored regard.

And what advantage all this in-
vasion of man's domain by his sis-
ters? Why in a thousand ways. To
start with they are happy in having
something to do that spells help in
the business affairs of life. They
feel themselves spokes in the great
wheel of human progress. They are
no longer nonentities, but part and
parcel of the world's movements.
"All hail," say they, in things that
need doing, "here am I, send me."

And didn't they go, even to the
utmost parts of the earth, in their
missions of help and mercy, where
men were butchering their fellow be-
ings in the world cataclysm to up-
hold the principle that "Might makes
Right?" Well did women serve in
that great contest, to their everlasting
honor.

And now, at home here, go to the
bank, go to the store, go to the of-
fice of the doctor or the dentist, to
the right, to the left, everywhere, you
find women occupying places of re-
sponsibility. Are their employers
pleased? Ask them, and they will tell
you that the girls "fill the bill" with
great satisfaction.

Is this progress? Every age has
its problem, by solving which, hu-
manity is helped forward. Yes, this
is progress—woman's rights to do
what she wants to do.

AURORA BOREALIS ON THE WIRES.

Cables, telephone and telegraph
lines in the eastern part of the coun-
try were taken over again recently,
not by the government but by the
aurora borealis.

Boston newspaper relates its trou-
bles with the wires in explanation of
the fact that most of its cables from
special correspondents failed to come
through and were conspicuously ab-
sent from its columns in one issue.

The aurora borealis is said to have
overloaded the wires with electricity.
This had the same effect as ground-
ing them. When an attempt was
made to get even with the aurora by
shutting off the current from the bat-
teries and letting the aurora's cur-
rent do the work, the scheme failed.
The natural current came only in in-

regular flashes and rather spoiled the
messages.

Things like this happen every now
and then. They keep mere human be-
ings from becoming too sure of them-
selves and their works by intimating
that there is much more to learn and
do before the forces of Nature are
really chained for the service of
Man.

EAST END NEWS

BALLOTS GO OUT FOR CHAMBER OF COMMERCE ELECTION

Ballots were sent out Saturday for
the primary election to be held to se-
lect a board of directors for the new-
ly organized Chamber of Commerce.

The ballots are sent to every indi-
vidual who holds a membership in the
Chamber of Commerce and no firms
can vote according to their plural
memberships, each individual voting
for himself.

The entire roster of the new organ-
ization is printed on the ballots and
the voters are instructed to vote for 12
of the names appearing, to fill the new
board of directors. All of the ballots
must be in by Thursday evening at
7:30 o'clock and ballots received after

that time will be thrown out and not
counted.

After the ballots are returned the
names of the twenty-four candidates
receiving the highest number of votes
will again be printed on a second bal-
lot which will be sent out for the reg-
ular election. The voters will again
pick 12 of the nominees and after their
return the 12 receiving the highest
number of votes will then become the
Board of Directors of the Chamber of
Commerce.

As these directors are selected from
the membership at large and as the
body is a truly representative body
of the membership, the new directors
will elect the officers of the Chamber
out of their number. The director-
ate of 12 being the choice of the peo-
ple, the officers must then also be the
choice of the people. The Secretary-
Manager will be the only officer not
appointed this way, he being selected
from the outside.

The Board of Directors is not the
controlling factor of the organization

but merely the servant of the mem-
bership. Regarding any important
project affecting the city, the
Board cannot act on its own authority
but must refer the matter to the mem-
bership by a referendum vote, and
then be governed by this vote. By this
method the control of the policies of
the organization is always in the
hands of the membership governed by
a majority rule, which is the founda-
tion of the success of our national gov-
ernment.

It is hoped to have the first meet-
ing of the entire membership Thurs-
day evening at which time the results
of the primary election will be announ-
ced. It is also hoped to have the
that they can be adopted.

It is important that all members
have their ballots in by 7:30 of Thurs-
day evening, whether they are pre-
sent at the meeting or not.

Comparison of Water Rates in Ohio Cities

The following information regarding Ohio is
a copy in full from Municipal Journal and Public
Works for August 16, 1919. This magazine has
published the same facts for several hundred
cities in the U. S. A summary of these data from
about four hundred and fifty cities show that over
one hundred and fifty pay the water companies,
or in case of municipal plants the water depart-
ment, on a basis other than a flat hydrant charge
such as we pay in Xenia. For example, Fargo, N.
D., pays their company \$20 per hydrant for use in
sprinkling and flushing, \$36 for fire protection
and \$5 for construction uses. On account of this
irregular method these cities are not readily tabu-
lated.

Of 277 municipal plants listed and which can

be compared, 146 receive nothing for hydrant
rental or public fire protection, while only six of
the private plants give this service free.

Of the 131 municipal plants which receive a
stated sum per hydrant, fifteen receive \$10 or
less, sixteen receive between \$10 and \$20, thirty-
six receive more than \$20, but not more than \$30,
thirty-seven receive between \$40 and \$50, five re-
ceive more than \$50 and five more than \$60. In
Xenia the city pays \$68 per hydrant or more than
any one of the 277 municipal plants listed.

The average rate received by municipal
plants for fire protection or in other words that
amount charged for such service is \$15.54 per hy-
drant per year and for private plants it is \$33.78,
while in Xenia it is \$68.00.

| City and State Ohio | Ownership | Cost of 40,000 gal. of water per year | Lowest rate per 1000 gal. per quar. | Costs and credits to city for fire hydrants |
|------------------------|-----------|--|--|--|
| Akron | Municipal | | | Nothing |
| Ashland | Municipal | | | \$20 Credit |
| Athens | Municipal | \$ 8.00 | .09 | Nothing |
| Barnesville | Municipal | 4.60 | | Nothing |
| Bellefontaine | Municipal | 6.00 | .10 | \$11 Credit |
| Bryan | Municipal | 12.00 | .08 | Nothing |
| Chillicothe | Private | 8.00 | .15 | \$50 Charge |
| Cincinnati | Municipal | 5.25 | | Nothing |
| Cleveland | Municipal | 2.20 | | Nothing |
| Conneaut | Private | 8.00 | | \$35 Charge |
| Cochocton | Municipal | 12.80 | .08 | \$21 Credit |
| Dayton | Municipal | 4.85 | .06 | Nothing |
| Defiance | Municipal | 12.00 | .08 | Nothing |
| Delaware | Private | 10.80 | .10 | \$40 Charge |
| Dover | Municipal | 8.00 | .08 | Nothing |
| East Cleveland | Municipal | 4.30 | .10 | Nothing |
| East Liverpool | Municipal | | | Nothing |
| East Youngstown | Municipal | 12.00 | .15 | Nothing |
| Eaton | Municipal | 9.20 | .12 1/2 | Nothing |
| Findlay | Municipal | 8.00 | .08 | \$40 Credit |
| Fostoria | Municipal | 8.00 | .07 | Nothing |
| Girard | Private | 14.00 | .10 | \$40 Charge |
| Lakewood | Municipal | 4.80 | .08 | Nothing |
| Marietta | Municipal | 12.00 | .09 | Nothing |
| Martins Ferry | Municipal | 2.00 | .03 | Nothing |
| Napoleon | Municipal | 12.80 | | Nothing |
| Niles | Municipal | | | Nothing |
| Newark | Municipal | 8.00 | .10 | \$20 Credit |
| Salem | Municipal | | | \$20 Charge |
| Sidney | Municipal | 12.00 | .10 | Nothing |
| Stubenville | Municipal | 8.00 | .15 | Nothing |
| Tiffin | Private | 11.20 | .15 | \$40 Charge |
| Troy | Municipal | 8.00 | .12 | Nothing |
| Urbana | Municipal | 10.00 | .10 | \$12 Credit |
| Wadsworth | Municipal | 10.00 | | Nothing |
| Willington | Private | 10.00 | | \$45 Charge |
| Wellsville | Municipal | | | \$25 Credit |
| Xenia | Private | 12.96 | 15.9 | \$68 Charge |
| Average | | \$ 8.70 | 10.8 | |

Upon careful consideration you will note that
of the Ohio cities listed 32 are municipally owned
and 7 are privately owned which is about the ratio
of all the water plants in this state (245 public
ownership and 80 plants owned by private com-
panies.) The table shows that Xenia pays the
highest rate of any city listed and that of the 39

cities, Salem is the only municipal plant which
charges anything and it only charges \$20 per hy-
drant per year and 22 plants charge nothing,

FILES SUIT ON CHARGE CONTRACT WAS VIOLATED

Charging the defendant with violating the terms of a contract, and with illegally removing property William Harrison has brought suit against A. J. Smith and Charles Smith.

The plaintiff says that he is the owner in fee simple of two tracts of 12 acres and 23 acres in Xenia township, which were sold to him by Chas. Smith, with the reservation that possession of the house and five acres should have the right to enter upon fall of 1919, and that the grantee should have the right to enter upon any part of the premises for repairs, and should be given possession not later than Sept. 1.

The cropper was to give the grantee the landlord's share of the crops grown upon the five acres retained. In violation of the contract the plaintiff avers, A. J. Smith entered away a quantity of drain tile, and a corn crib, and is threatening to remove all the crop of corn, and to remain in occupancy of the premises until 1921. He asked for a mandatory injunction requiring the defendant to restore the property, and an injunction preventing him interfering with the plaintiff in the possession of the property. Hartley and Snodgrass, attorneys.

GEORGE BOCKLETT WRITES A PLAY

George R. Bocklett, who has long been interested in the promotion of local talent theatrical productions, and to whose genius is due much of the success of recent efforts in this line, has branched out as a playwright.

Mr. Bocklett has just completed and had typed a snappy little musical comedy in two acts, entitled "Love a la Mode." The play has been reviewed and criticised and has won much merited praise for its construction and originality. A song "Love a la Mode", which is to be used in the production, is also the work of Mr. Bocklett, who has composed the words, and who will have the music written by a Dayton song writer.

The musical comedy is original in many ways, as it has to be coming from the brain of Mr. Bocklett, and is novel in its construction. The plot weaves about the unexplained absence of Bob Randolph, who is overseas, but who has not been heard from for some time. Calista Livingston, a pretty American girl to whom he is engaged, decides to go to France to look for him, where she finds him in a Paris cafe, his mind affected by gas so that he does not know his identity, until shocked by her appearance, he gradually comes to himself.

The romance is delightful and embraces two couples, and there are many supporting characters who furnish amusement and interest. Whenever it is possible, lifting lyrics have been introduced in the playlet and snappy song numbers will assist the theme in carrying across.

Mr. Bocklett will possibly produce the play locally rather than sell it, and it is possible that local people will get an opportunity to see the staged result which speaks well of the creative ability of the local man.

ZIMMERMAN

Mr. Ed Ferguson is spending some time at Petosky, Mich.

Squire Hanes and wife were recent dinner guests of Walter Fleming and family.

Mrs. Charles Stewart entertained the following guests: Her cousin, Mrs. John Leshar and baby, of Alpha, and Mrs. Clarence Rock and baby Donald, Wednesday; her brother, Edmund Wright, wife and daughter, Vernise, Saturday and Sunday.

Mr. and Mrs. Wm. Wetzel, of the Troy pike, have received a small son into their family.

Lewis Stewart and family and Misses Alice and Katherine Stewart dined with Mr. and Mrs. Henry Stewart, Sunday.

The following pupils from District No. 12 are attending High School this term: Mary Smart and Raymond Hanes, seniors; Thelma Brewer, Junior; Raymond Durnbaugh, Norman Huston, Albert Greene, Dorothy Coy, Louise Trehame, sophomores, and Ralph Johnson, Edwin Brewer and Alfred Smart, freshmen.

Miss Ottilie Mae Stewart began her third term of school as teacher of the Advanced Grades at Union school, Xenia township, last Monday. The Xenia township schools will have Domestic Science and Manual Training under the direction of special instructors in several districts. Wonder what's the matter with Beaver Creek, who used to lead in progressive movements?

WATER WORKS QUESTION BOX

This question box is being conducted by the Newspaper Publicity Committee for the purpose of answering various questions that are asked regarding the purchase of the Water Works plant. The questions are answered by the committee.

Water Works Publicity:

Gentlemen—Please tell us why the Board of Health doesn't condemn the present water supply?

Hasn't the Board of Health authority to force the water company to give us pure water?

Is the purchase of the water works

plant the only way we can get water fit to drink?

L. F. C. Committee's Reply:—It is true, answering L. F. C.'s inquiry that the Board of Health has authority to condemn the present water supply. The city commission and public health officers have been to Columbus repeatedly in an effort to have them do so. Instead of doing so the State Board has merely ordered the installation of a chlorine plant to kill the disease germs in the present supply.

At the same time the public Utilities Commission has granted the water works company the right to enforce an additional charge for its service which is almost double.

The Board of Health says that as long as the chlorine plant is effective it doesn't feel warranted to arbitrarily order the development of new sources of supply. If the State Board of Health ever should do so it will order the present private company to develop

op a new source of supply, and then will allow it to increase its charge to pay dividends on the additional capital which this improvement will entail.

In other words the Board of Health has power to force the present private corporation to improve its water, if they see fit to do so, but it hasn't the power to take the water works away from its private ownership and turn it over to the city, without cause. If the State Board of Health should demand that the company develop a new supply of water (remember it has thus far only advised not commanded) and the Water Company refused then the plant might be condemned and taken over at an appraised price. If this were done it is the opinion of experts that the appraised price today would be much in excess of the price of \$260,000 which was agreed upon following estimates made in 1917, when materials were much cheaper than now.

The two Xenia boys were in a Motor Transport unit and located at the huge American repair shops at Coblenz, Germany, where they have been for many months. The entire unit has been broken up and sent home. It is expected that both boys will arrive in this city shortly.

N. C. R. HAVING BIG PICNIC AT HILLS AND DALES PARK

Members of the staff of the Gazette and the Republican were invited to be guests of the National Cash Register Company of Dayton at its annual field day and picnic which is being held at Hills and Dales Park today.

The affair this year is expected to be the biggest in the history of the plant, the entire factory and office force, participating with their families and it is estimated that there will be 25,000 people at the picnic. No exception.

BURNS---SCALDS

Bathe with Erazillian Balm or half Balm and half warm water. Keep this up for 20 minutes or so, till the smarting is relieved. It will then heal quickly. Worth its weight in gold for this.

pense has been spared to make the picnic and field day a success.

Everything will be provided free at the affair, and 110 cooks and 650 waiters have been employed to take care of the big dinner for the guests. There will be all kinds of contests for both young and old and a number of field day events.

The event is expected to mark an epoch in the history of the N. C. R. this year.

TWO MORE XENIANS HOME FROM OVERSEAS

Bert Whittington and Lawrence Curlett, two Xenia boys who have probably stayed overseas as long as anybody from this section, have just arrived in New York City according to telegrams received here.

The two Xenia boys were in a Motor Transport unit and located at the huge American repair shops at Coblenz, Germany, where they have been for many months. The entire unit has been broken up and sent home. It is expected that both boys will arrive in this city shortly.

OLD TOWN

There will be Sabbath school at 2 o'clock; preaching at 3: everybody welcome.

Mr. and Mrs. Stephen Campbell and Mr. and Mrs. Joseph Shellhaas and family, Mr. and Mrs. Eber Elmon and family, Mrs. Mary Pearson and two daughters of Ludlow Falls, Mr. and Mrs. Jessie Campbell and son, Kenneth, Mrs. Pearl Sing and family of Yellow Springs, Mr. and Mrs. Ben Dice and Ella Dice of Xenia were visiting Mr. and Mrs. Owen Swadener and family Sunday.

Mr. and Mrs. J. W. Swadener and Mrs. James Shaw, Mr. and Mrs. W. H. Ginevan, Mr. and Mrs. Owen Swadener and family attended the funeral of their uncle, Dr. James Hayes which was held at Raper church Dayton.

Mr. and Mrs. Samuel Harner of

Beavercreek road were the guests of Mr. and Mrs. Jack Wolf of Dayton Sunday.

FORMER GREENE COUNTY MAN DIES IN NORTH CAROLINA

Thomas A. Dunn, former Greene County and a brother of Mrs. Sarah Batdorf of Fairfield, Ohio, passed away at the home of his son, Dr. William Leroy Dunn in Asheville, N. C., on September 12. He had been in failing health for some time.

Mr. Dunn was born in 1844 in Fairfield, Ohio, and was raised there. He was married December 28, 1865 to Miss Aldebra Brake, of Osborn, his childhood sweetheart and in 1915 they celebrated their golden wedding.

Mr. and Mrs. Dunn went to Decatur, Ill., and later to Ann Arbor to complete the education of their only son, Dr. Dunn and afterwards went with him to Asheville, in 1900. Dr. Dunn is a tubercular specialist with a national reputation and was a Lieutenant Colonel, chief of medical service of a base hospital in Italy in the recent war. Mr. Dunn is survived by his wife and son and by one sister, Mrs. Sarah Batdorf of Fairfield.

The funeral services were held at the late home Sunday, September 14 and burial was made in Riverside cemetery in Asheville.

AWAKES AND FINDS HE CAN NOT SEE

Alex R. White, of North King street is suffering from a peculiar eye trouble, which attacked him suddenly Wednesday night and has rendered him partially sightless.

Mr. White went to bed Wednesday evening apparently in good health, but when he awoke Thursday morning he found his eyesight so impaired that he could scarcely see. Dr. Paul D. Espey who was called, consulted with Dr. Reed Madden, but while it is believed that some nervous trouble causes the unusual case, no explanation can be given of it yet.

Mr. White is able to see partially but his eyesight is very badly impaired, and he can barely distinguish between objects. It is believed by his physicians however, that the trouble will leave him within a few days.

FOR MEN WHO WORK HARD

Men who work at hard physical labor are subject to kidney trouble. J. G. Wolf, 734 S. Jackson St., Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that bothered me for several months. A few bottles fixed me up in good shape." They also relieve bladder and urinary ailments. Sayre and Hemphill.

BURNS, CUTS, BRUISES

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly.

There is no better remedy for burns cuts and bruises than the antiseptic and healing ointment called San Cura. Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example, it is guaranteed by Sayre and Hemphill to relieve itching bleeding and protruding piles, eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples or money back.

In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today and keep it ready for an accident or emergency that may happen. 30c, 60c and \$1.20 a jar at Sayre & Hemphill's on the money back plan.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25 cents a cake at Sayre & Hemphill's.

If your druggist does not have it send to Thompson Medical Co., Titusville, Pa. adv
